ISSUE – X, JANUARY EDITION

MESSAGE FROM PRINCIPAL'S DESK....

“If your actions inspire others to dream more, learn more, do more and become more, then you are a true leader.”

- John Quincy Adams

Dear Parents , Children & Well-wishers

Greetings to you all from DPS Paradip Refinery!!

The first month of the year has just whizzed by. It experienced a lot of celebrations and activities. In the land of festivals , **Makara Sankranti** is one of the paramount harvest festivals in the Hindu religion that is celebrated with great exuberance in many parts of India in various ways.

I am filled with admiration for the great efforts of my students and teachers, who have learnt to quickly switch over from the physical mode of teaching and learning to

the virtual mode. No matter the constraints, my teachers and students are competent enough to perform well in both physical and virtual mode of conducting school activities.

to be continue...

Education is not the learning of facts, but the training of the mind to think.

DELHI PUBLIC SCHOOL PARADIP REFINERY

The virtual celebration of the 73rd Republic Day was a big event this month . Our school organized several competitions under the broader ambit of “ **Azadi Ka Amrit Mahostav**” where our students enthusiastically participated in all the events. Our children remembered the martyrs and saluted them for their bravery . It was heartwarming to see them putting up the patriotic performances on this special day.

We are unable to continue with the physical classes, adhering to the guidelines laid down by the state govt., as the nation is combating the third phase of Covid -19 . I am sure we will be out of this deep water pretty soon . Till then we need to follow the Covid protocols and perform our activities accordingly.

Stay Safe. Stay Calm. Stay Healthy

With Warm Regards

Jagneswar Bora

CELEBRATING THE BIRTH ANNIVERSARIES OF TWO GREAT LEGENDS

Legends never die, they leave behind them a legacy to live up to, a trail of lessons and stories to look up to and learn something from.

The month of January marked the birth anniversaries of such great men who are known for their insatiable love for our country India .

One is remembered for his beautiful thoughts and the other for his powerful actions.

Swami Vivekanand, considered as the maker or advocate of Modern India, reminded the citizens of their strength and awakened the national consciousness .

While Netaji Subhash Chandra Bose who was an ardent follower of Swami Vivekananda, was a warrior who lit the fire of the freedom struggle beyond India's shores.

One individual may die for an idea, but that idea will, after his death, incarnate itself in a thousand lives.

DELHI PUBLIC SCHOOL PARADIP REFINERY

The Principal lighted earthen lamps and showered flowers on the portraits of the two legends on their respective birth anniversaries. The other staff members also joined the Principal in showering flowers at the portraits of the two great sons of India.

Arise! Awake! And stop not until the goal is reached.

VACCINATION CAMP

From time to time, the world has been tormented with newly emerging pandemics throughout the history. This current COVID-19 outbreak has proved that humans are still not completely able to fight pandemics caused by the deadly viruses. Amid the coronavirus, several countries across the world adopted complete/ partial lockdown to flatten the curve of the infection. This is not the ultimate aim to eradicate the Corona Virus from the land.

With the advent of technology the world has united to fight against COVID-19. Countries are making efforts to develop vaccine to win the battle. Vaccinations are known to boost your immunity system by teaching your body how to fight threats. Therefore, many consider vaccinations as a way to build up your immune system. So the people at the age 18 years onwards got vaccinated in the country expectantly. Now the Govt. has initiated school-based vaccination programmes.

As "Education is the most powerful weapon to change the world" so in order to ignite education, the educator needs to be vaccinated too. Keeping in view the present scenario, the government of India has decided to get all the students (15-18 years) vaccinated.

Vaccination saves lives at every stage of life.

DELHI PUBLIC SCHOOL PARADIP REFINERY

Delhi Public School Paradip Refinery successfully conducted school-based vaccination programmes on 12th January, 2022. From 9.00 A.M to 1.00 P.M for the students of age groups 15 to 18 years with the help of Health Department of Jagatsinghpur district. The school also emphasizes on the importance of COVID-19 vaccination as well as hygienic measures that can reduce transmission of COVID-19 virus in children.

Early to bed and early to rise makes a man healthy, wealthy, and wise.

CELEBRATING THE GLORIOUS 75 YEARS OF INDIA'S INDEPENDENCE - AZADI KA AMRIT MAHOTSAV

As the part of ***Azadi Ka Amrit Mohastav***, Delhi Public School Paradip Refinery had organized an ***Essay Writing Competition*** for the students classes VI -X and a ***Quiz Competition*** for the students of students of III – V on 24/01/2022 from 4:00p.m to 5:00 p.m . The students expressed their opinions and visions for a bright and beautiful future of India. They also exhibited their sheer talent of possessing every little detail about the struggle for freedom. The topic for the ***Essay Writing*** competition was “ ***The struggle for Independence – New ideas for the progress of the nation on the occasion of the 75th anniversary of Independence***”.

In order to inculcate and instill the feeling of nationalism among our students and other stakeholders of the school, DPS Paradip Refinery organized an online ***Webinar*** on the topic ***Contribution of the Freedom Fighters*** through MS Teams platform under the banner of ‘Azadi Ka Amrit Mahotsav’ as initiated by the Govt. With the passage of time, the meaning of nationalism and patriotism may have undergone a slight change. However, we can never repay our martyrs and freedom fighters but we can only reminisce their valuable contribution, preserve the sanctity and protect our motherland from any further exploitation and corruption .In the fruitful discussion , we also pondered upon India’s journey from being a British colony to a self reliant, self sufficient, democratic republic. The heart of Every Indian swells with joy and pride to see our country forge ahead day by day.

Don't see others doing better than you, beat your own records everyday, because success is a fight between you and yourself.

REPUBLIC DAY CELEBRATION

The chains and shackles of bondage for years under the British rule may have ebbed away our physical strength but it could never weaken our spirit of nationalism. Therefore, as soon as India became an Independent nation in 1947, our people got together at work to rebuild it and strengthened the newly gained freedom. Thus, the Constitution of India came into force on 26th January 1950. To commemorate this eventful day, we celebrate Republic Day every year.

We too at DPS Paradip Refinery celebrated Republic Day where the Principal Mr. J Bora unfurled the National Flag in the presence of the staff members, few students and parents.

Patriotism consists not in waving the flag, but in striving that our country shall be righteous as well as strong.

INTER – HOUSE COMPETITIONS

The following Inter-House Competitions were held on 15.1.2022 :

Classes I & III – Story Telling Competition

Classes III- V – Dialogue delivery / Role Play competition

Classes VI – VIII – Essay / Writing Competition

The art of storytelling goes back thousands of years. Though the mediums have changed, the core concept of using a sequence of events in an exciting narrative has remained the same. Story telling brings language learning alive, it fosters their imagination and develops an understanding of the culture. The performance of the students of classes I & II left all the audience and judges flabbergasted.

What we learn with pleasure we never forget.

Role Play is a an effective skill building activity. When children imitate others they become aware about the world around them, they learn to empathise with others and also understand their perspective. Resplendent in colourful attires and engrossed in their characters, the children of classes III –V emulated some famous personalities and national Idols with grace and confidence . With their perfect oratory skills the students recreated those magical moments and transported us to the era when the struggle for freedom was at its peak .

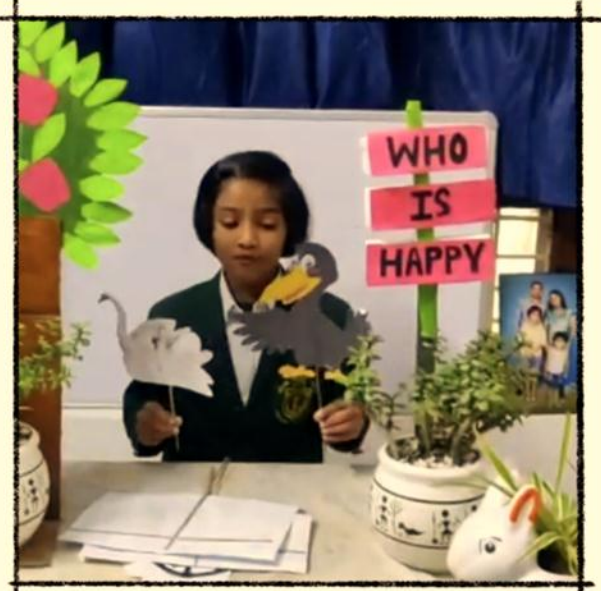

Children are the power house of talent and creative ideas, which will rust unburnished if they don't get an opportunity or a platform to express themselves . All we need in today's time are fearless youths who would voice their opinions and bring about a change in the society and the world. What better way than to encourage the students to pen down their thoughts in the form of essays? The students of classes VI –VIII felt empowered and grew conscious of their identity as the future leaders of India by participating in the Inter – House Essay writing competition on the topic **“The struggle for Independence – New ideas for the progress of the nation on the occasion of the 75th anniversary of Independence”**.

Live as if you were to die tomorrow. Learn as if you were to live forever.

ROLE PLAY – INTER HOUSE COMPETITION

Becoming number one is easier than remaining number one.

STORY TELLING – INTER HOUSE COMPETITION

Believe in yourself. You are braver than you think, more talented than you know, and capable of more than you imagine.
